

# Warren County Cemeteries

## New Warrenton City Cemetery 1854-1919

The Warren County Historical Society provided the following information, they have a copy of typewritten pages of the city cemetery roster. They have no idea who did the typing but have allowed Nay Grigone to transcribe the material with the understanding that it was to go on the Warren County site. Many thanks to the Warren County Historical Society and Nay Grigone for the contribution.

We are adding links to some photos and some new listings. Because it is in the format of death dates by year, then names, please continue to use the find feature at this time.
